Kolleru Lake

806. SHRI B. SATYANARAYAN REDDY:

SHRI RAM CHANDRA VIKAL:

Will the Minister of ENVIRONMENT AND FORESTS be pleased to state:

(a) whether it is a fact that the Kolleru Lake, which is considered to be India's largest fresh water lake, had lost much of its traditional importance as a great bird haven and fishermen's paradise due to unchecked human activity in its neighbourhood and whether a demand is being made for declaring the Lake as a waterway of national importance by preserving and upgrading the lake from the ecological, economic and aesthetic point of view; and

(b) if so, what measures Government have taken in this regard?

THE MINISTER OF STATE OF THE MINISTRY OF CIVIL AVIATION AND TOURISM (SHRI SHIVRAJ PATIL): (a) It is a fact that Kolleru Lake is facing problems of pollution, siltation, encroachment etc. due to which fishery has been affected and its importance as a bird sanctuary has also declined. Thus there is need for conservation of this ecosystem.

(b) Kolleru Lake has been selected for conservation under the wetland scheme. An action plan involving an amount of Rs. 7.50 lakhs was sanctioned in 1987-88 for weed removal, acquisition of motor boats for patrolling and setting up of watch towers. Besides, an amount of Rs. 2.25 lakhs was sanctioned during 1986-87 and 1987-88 for the development of Kolleru Wildlife Sanctuary.

808. SHRI MUKHTIAR SINGH MALIK: Will the Minister of ENVIRONMENT AND FORESTS be pleased to state:

(a) whether there is a denudation of forests on a very large scale throughout the country at present;

(b) if so, the details of the forests which have been denuded during the last three years, year-wise;

(c) whether steps are being taken to control the denudation of forests in the country; and

(b) if so, what are the details in this regard?

THE MINISTER OF STATE OF THE MINISTRY OF CIVIL AVIATION AND TOURISM (SHRI SHIVRAJ PATIL): (a) and (b) Studies carried out by the National Remote sensing Agency, through satellite imagery have shown that the average annual rate of depletion of forest cover during the period 1972—75 to 1980—82 was approximately 1.3 million hectares. However, no study has been conducted to assess denudation of forests during the last three years.

(c) and (d) Yes, Sir. The major initiatives taken to conserve forests are listed below:—

1. Forest (Conservation) Act was enacted in 1980 to check diversion of forest land for non-forest purposes.

(2) A centrally sponsored scheme has been started to help the States to develop infrastructure for enforcement of legal provisions for the protection of forests.

3. Alternative sources of energy are being developed to replace fuelwood in domestic and commercial sectors.

4. Wood is being substituted by alternative materials in packaging, railway sleepers and building constructions.

(5) Import policy for forest products has been liberalised.

6. Fiscal incentives are given to industries for wood substitution.

7. Efforts are being made to control shifting cultivation.
